Red River Supply Warehouse Story3.docx

Laura....Paul said what ever I do is fine....so send it on.....so here is my initial draft for you to edit/review before we give it to Peter.

Paul

HQ wants everything from the perspective of the OSC. So.....I tried to just take what you told me and put it in narrative form.

Please correct anything, suggest changes.....just have at it.....

I will also use 2 or 3 photos.....will send you my suggestions on photos in the next email.....if you have ones in particular that you want, let me know

You tell a good story....

-John
